CenterEdge Integration with Semnox

Introducing a new cashless system integration with Semnox. Benefit from Semox cashless technology combined with the full CenterEdge Advantage Suite for point of sale, events, payments, and food & beverage.

Centralized Sales & Revenue Reporting

Sell and load cards and other NFC media for anything you offer online, onsite, or at Semnox kiosks. Cards can be loaded with packages, individual attraction passes, value, time play, arcade credit or redemption bonuses. Guests can easily present them as payment media at sales stations and use them to access games and attractions outfitted with Semnox readers. All sales and usage data are seamlessly posted to Advantage reports, so there's no time spent reconciling multiple reports.

Smooth Operations with CenterEdge Redemption

Leverage the power of CenterEdge Redemption with Semnox cards and readers. Guest data, ticket winnings, and value can easily be scanned to view earnings, and then stored on the card or in your guest profiles when guests register their cards. View card value, available points, and transaction histories, and clear them of data to ready them for future use. You can easily attribute cards to guest records for safekeeping and data collection, making them a useful tool for your operation.

Efficient Event Media Management

Prepare event cards and wearable media securely and easily. Prep for the day's events right from your Advantage Software. Simply open each event and tap cards quickly to load inclusions like attractions, value, and bonuses. And, no need to interrupt guests' fun during the party. Easily add value, time, or attractions to some or all cards - even while they're in use.

Getting Started With A New Cashless Partner

Step 1 - Reach Out!
Speak with a CenterEdge Account Executive to discuss system needs and whether the Semnox integration is right for you.

Step 2 - Prepare!
Meet with Semnox team to determine cashless system requirements and hardware needs.
Step 3 - Install!
Work with dedicated CenterEdge and Semnox implementation teams for usage and reporting.

Step 4 - Launch!
Go Live and enjoy the full suite of integration features.

About CenterEdge

CenterEdge is a leading US-based provider of point-of-sale solutions, secure payment processing, and business excellence mentoring that streamlines full-facility management across multi-attraction amusement parks and entertainment centers. Through proven feature-rich software solutions, entertainment and service expertise, and a true partnership approach, CenterEdge helps entrepreneurs run successful businesses, become pillars in their communities, and offer the best guest, team, and owner experience.
